Shooting in Michigan you just never know what kind of weather to expect at a match. Practicing at a range the weekend prior to this match, some shooters noted that it was in the 40's, extremely windy and necessitated carharts and a hooded sweatshirt. Yet 6 days later, Memorial Weekend, it turned out humid and in the upper 80's if not 90°! It was warm Sat. but the winds were just slight and the superbly constructed pits made it quite comfortable while we had to be down there. A storm came through early Sun. morning before the match and left us with ideal calm overcast skies to shoot in. The sun came out during the very last relay at 600 yds., but all the shooters got at least one turn earlier at shooting 600 yds. in excellent conditions. Thanks to everyone who came out to Cadillac. As can be seen from above, some new records were shot over the weekend. Congratulations to them and to all the winners; especially our new state mid-range champion, Brad Tipolt. Good shooting everyone! Thanks and job well done pat on the back are due to the committee members; Paul B., Charles B., Steve D., Ray S., Brad T., Ron W. and John Green. Don't forget June 24-25 @ Grayling the 5 x 1,000 yd. long-range match, July 7-9 @ Alma the BPCR state silhouette championship and Aug. 19-20 @ Grayling the 800, 900 & 1,000 yd. match.
