

Just a quick wrap up of the first Grayling match of the season.

The weather cooperated for the 3x1000 held on Saturday. We managed to finish before the rains started. The day was filled with the usual beginning season bravado and comradary that we are used to when friends and competitors get together after a long winter.

Highlights of Saturday were some personal high scores and a not-very-often seen “clean” by John Homatas using his new 7mm WSM. The winds were the usual Grayling challenging, but the group gave as good as they got. Total attendance for Saturday was 21, which is good for our first match of the season.

Sunday arrived with morning drizzle which delayed our start by 2 hours. By that time, over half of the attendees had decided to head for home leaving 8 hardy souls on the line ready to compete. Because of our late start and 2 out-of-staters in attendance, the course was reduced to 2x1000. Half way through match 2, the clouds broke and we had some welcome sunshine. The match finished on time and everyone headed home on dry roads.

Winner for the weekend was Bryan Litz from Ohio. Bryan has become a regular at our matches. Congratulations to him on his win and his up-coming wedding. We hope to see him back next month and throughout the season.

Thanks to everyone that attended and to Mike Ross for running the line, allowing me to shoot for another season.

Hope to see all of you next month for our first Palma match on June 9 and 10. Check our out web site for more details or contact me directly at yo.renz@gmail.com.

My best to all,
Renzo Tormen, Match Director
Michigan Rifle & Pistol Assoc.
