Well folks, the M.R.P.A. black powder target rifle season ended with a Regional Championship at camp Grayling. The torrential rain and thunderstorms on Friday night, the forecast for rain on Saturday, and the shortened match on Sunday kept quite a few of our usual competitors away this year. As it turned out, not a drop of rain fell the whole weekend.

Our guardian angel, Barb Walters, was on fire this weekend taking high woman, high senior, iron sight state champion, 800-900-1000 yard aggregate, regional gold medal, and setting 5 tentative national records and a bunch of state records. She told me in private that the secret to her success was that she stopped listening to Ron! Congratulations to Barb and thanks for being our nurse. Thanks to Ron for running the radio so well, to Brad and Steve for helping me not make too many stupid mistakes doing the stats, and to all of you who arrive early and stay late setting up and taking down everything. Many hands make light work. You are all appreciated more than you know. Kudos to Lloyd, Bill and Joe for jumping into long range shooting wholeheartedly. Now that they've got a season under their belts, they will only get better. Too bad we don't get more people like you!

Our appreciation goes out to everyone who attended our matches this year. It's always fun competing with you and swapping lies after the match. We hope to see you at Cadillac in October and at our matches next year.

Signed: your committee Brad R., Brad T., Sue, Ron, Ray, Charles, Steve, Paul
